**About Bactiguard**

Bactiguard is a Swedish medtech company with a mission of preventing healthcare associated infections, reducing the use of antibiotics and saving lives by developing and supplying infection prevention solutions for the healthcare industry. The company's patented coating prevents healthcare associated infections by reducing bacterial adhesion and growth on medical devices. Bactiguard®-coated urinary catheters are market leading in the US and Japan, and in recent years the company has developed its own product portfolio of catheters for the urinary and respiratory tract and the blood stream. Bactiguard is currently in a strong expansion phase, focused on new markets in the Europe, Middle East, Asia, Latin America and Southern Africa. The company has market presence in some 50 countries and has about 60 employees. Its headquarters are located in Stockholm and production facilities in Sweden and Malaysia. Bactiguard is listed on Nasdaq Stockholm. Read more about Bactiguard at [www.bactiguard.com](http://www.bactiguard.com).
