About Bactiguard

Bactiguard is a Swedish medtech company with a business concept of preventing healthcare-related infections, reducing the use of antibiotics and saving lives by developing and supplying infection prevention solutions for the healthcare industry. The company's patented coating prevents healthcare-associated infections by reducing bacterial adhesion and growth on medical devices. Bactiguard®-coated urinary catheters are market leading in the US and Japan, and in recent years the company has developed its own product portfolio of coated catheters for the urinary and respiratory tract and the blood stream. Bactiguard is currently in a strong expansion phase, focused on new markets in the EU, Middle East, Asia and South America. The company reported sales of approximately SEK 130 million in 2013 and has 60 employees, headquarters in Stockholm and production facilities in Sweden and Malaysia. The Bactiguard share is listed on Nasdaq Stockholm. Read more about Bactiguard at www.bactiguard.se.
