Stockholm February 6, 2023

Invitation to presentation of Bactiguard's year-end report for 2022 on February 9, 2023

Bactiguard Holding AB (publ) publishes the year-end report for 2022 on Thursday February 9, 2023 at 08:00 CET.

In connection with this, an audiocast for investors, analysts and media will be held at 10:00 CET on February 9, 2023. CEO Anders Göransson and CFO Carin Jakobson will present the interim report and answer questions. The report and a presentation for the audiocast will be available at Bactiguard's website www.bactiguard.com.

To participate in the audiocast, please use this link:

<https://www.bactiguard.com/report/q4-2022>

To participate only by conference call, please register on the link above.

Questions can be asked either in *writing* via the audiocast or *orally* if you attend the conference call.

About Bactiguard

Bactiguard is a Swedish medical device company with a mission to save lives. To achieve this mission, we develop and supply infection prevention solutions which reduce the risk of infections and the use of antibiotics. This way, we save significant costs for healthcare and the society at large.

The Bactiguard technology is based on a thin noble metal alloy coating that prevents bacterial adhesion and biofilm formation on medical devices. Bactiguard offers the technology through licence agreements and our BIP (Bactiguard Infection Protection) portfolio of products. Urinary catheters with the Bactiguard technology are market leading in the USA and Japan through our licensing partner BD, and in 2021 orthopaedic trauma implants, ZNN Bactiguard, were launched by Zimmer Biomet. Bactiguard's product portfolio also includes a non-alcoholic product line for wound care and disinfection. It effectively kills microbes while being biocompatible and tissue friendly.

Bactiguard is in a strong expansion phase in the markets in Europe, China, India, the Middle East and Southeast Asia through our own product portfolio and by establishing licensing deals in new therapy areas. Bactiguard has about 210 employees around the world. Its headquarters and one of three production facilities are located in Stockholm, the other two in Malaysia. Bactiguard is listed on Nasdaq Stockholm.
