

Press release

1 February 2024

Invitation to presentation of Bactiguard's year-end report for 2023

Bactiguard Holding AB (publ) publishes its year-end report for 2023 on Thursday 8 February 2024 at 08:00 CET.

In connection with this, Bactiguard will host an audiocast for investors, analysts, and media at 11:00 CET. Interim CEO Thomas von Koch will present the full-year 2023 report together with CFO Patrick Bach, and answer questions. The report and a presentation will be available at Bactiguard's website bactiguard.com

To participate in the audiocast, please use this link: [Year-end Report 2023](#)

To participate only by conference call, please register on the link above. Questions can be asked either in writing via the audiocast or orally if you attend the conference call.

For further information, please contact:

Patrick Bach, CFO +46 761 295 911

Nina Nornholm, Head of Communications & Investor Relations +46 708 550 356

About Bactiguard

Bactiguard is a global MedTech company developing safe and biocompatible technology to prevent medical device related infections. The company's unique technology is based on an ultra-thin noble metal coating that prevents bacterial adhesion and biofilm formation on medical devices. Bactiguard's infection prevention technology and solutions decrease patient suffering, save lives, and unburden healthcare resources while also fighting against antimicrobial resistance, one of the most serious threats to global health and modern medicine.

Bactiguard operates through license partnerships with leading global MedTech companies that apply the technology to their medical devices and sell them under their own brand or co-branded with Bactiguard. The company also has a portfolio of wound management products.

Bactiguard is headquartered in Stockholm and listed on Nasdaq Stockholm.
