

Invitation

Stockholm May 7, 2020

Invitation to the presentation of Bactiguard's interim report on May 13, 2020

Bactiguard Holding AB (publ) publishes the interim report for the first quarter on Wednesday May 13, 2020 at 8:00 CET.

In connection with this, a webcast for investors, analysts and media will be held at 10:00 CET on May 13. CEO Cecilia Edström and acting CFO Lina Arverud will present the interim report and answer questions.

The report and a presentation for the webcast will be available at Bactiguard's website www.bactiguard.com.

To participate in the webcast, please use this link:

<https://event.on24.com/wcc/r/2266251/5AF82FEF4183590B19A6D30FC570901F>

Questions may be submitted by dialing **+46 8 505 583 74**, during the webcast. If you don't wish to ask questions by telephone you only need to participate through the link above.

For further information, please contact:

Cecilia Edström, CEO, phone: +46 8 440 58 80

About Bactiguard

Bactiguard is a Swedish medical device company with a mission to save lives. To achieve this mission, we develop and supply infection prevention solutions which reduce the risk of healthcare associated infections and the use of antibiotics. This way, we save significant costs for healthcare and the society at large.

The Bactiguard technology prevents bacterial adhesion and biofilm formation on medical devices. Bactiguard offers the technology through license agreements and our BIP (Bactiguard Infection Protection) portfolio of products. Through our license partner BD, urinary catheters with Bactiguard's coating are market leading in the USA and Japan. Bactiguard's own product portfolio of urinary catheters, endotracheal tubes and central venous catheters prevent some of the most common infections which appear in the urinary tract, the blood stream and the respiratory tract.

Bactiguard is in a strong expansion phase in the European markets, China, India and the Middle East by establishing license agreements in new therapeutic areas. Recently, Bactiguard completed the acquisition of Malaysian Vigilenz, a manufacturer and supplier of medical devices and consumables, primarily within wound care and infection prevention.

Following the acquisition, Bactiguard has about 180 employees around the world. Its headquarters and one of three production facilities are located in Stockholm, the other two in Malaysia.

Bactiguard is listed on Nasdaq Stockholm.
